

Specificaties : krambeugel rechthoekig compleet programma in verschillende materialen en afmetingen.

- Materiaal : staal S235JR elektrolytisch verzinkt, staal S235JR thermisch verzinkt, RVS A2 304L en RVS A4 316L.
- Materiaal (2) : bij de thermisch verzinkte variant dienen overmaatse moeren gebruikt te worden.
- Toepassing : bevestigen van rechthoek of vierkant kokers in de industrie en installatietechniek.
- Maatwerk : afwijkende maten of afwijkende materiaalsoorten en/of sluitplaatjes vanaf schets of tekening op basis van offerte.
- Herkomst : materiaal Europese oorsprong.
